Total Records Reviewed to Date: 13,673

Major Categories, with Sub Fields	% of Total	Total Records
<b>Uranium</b> , including <a href="#">exploration</a> , <a href="#">mining</a> , <a href="#">markets</a> , <a href="#">acquisitions</a> , <a href="#">mapping</a> , <a href="#">economics</a> , <a href="#">helium-3</a> , <a href="#">fusion research</a> , <a href="#">recovery technology</a> , <a href="#">environmental</a> , <a href="#">mine wastes</a> , and research.	31%	3,743
<b>Mining &amp; Minerals</b> , including <a href="#">critical minerals</a> , <a href="#">deep sea mining</a> , <a href="#">gold &amp; silver exploration</a> , <a href="#">off-world exploration</a> , <a href="#">mine wastes</a> .	19%	2,287
<b>Nuclear Power Industry</b> , including new construction, <a href="#">SMRs</a> , economics, pros and cons, <a href="#">media bias</a> , energy needs, and competition.	19%	2,281
<b>Astrogeology</b> , including <a href="#">asteroids</a> , comets, <a href="#">off-world mining</a> , <a href="#">Lunar</a> , <a href="#">Mars</a> and <a href="#">Venus</a> activities.	11%	2,027
<b>Rare Earth Elements</b> , including <a href="#">exploration</a> , <a href="#">mining</a> , <a href="#">processing</a> , marketing, competition, environmental issues.	6%	667
<b>Hydrogeology &amp; Geology</b> , including <a href="#">field methods</a> , <a href="#">remediation</a> , software, and paleontology.	6%	666
<b>Climate Change</b> , including <a href="#">carbon sequestration</a> , <a href="#">weather and atmospheric</a> , <a href="#">Renewable Energy</a> , ( <a href="#">Wind</a> , and <a href="#">Solar</a> ).	6%	664
<b>Health &amp; Safety &amp; Cyber Attacks</b> , including <a href="#">field alerts</a> and <a href="#">security alerts</a> , and warnings on <a href="#">cyber alerts</a> .	4%	455
<b>Oil &amp; Natural Gas Industry</b> , including exploration, production, environmental impacts, energy competition.	4%	391
<b>Coal Industry</b> , including economics, exploration, <a href="#">lignite</a> , <a href="#">graphene</a> , <a href="#">carbon uses</a> , <a href="#">mining</a> , related <a href="#">environmental issues</a> .	3%	381
<b>Education, Ethics, Society &amp; Employment</b> , including training, <a href="#">non-science issues</a> , <a href="#">society issues</a> , and <a href="#">jobs</a> .	3%	375
<b>Geochemistry &amp; Hydrochemistry</b> , including field methods, case histories, and classical sources.	3%	326
<b>Geophysics, Environmental &amp; Geotechnical</b> , including field methods, case histories, and classical sources.	3%	323
<b>Regulations</b> , including federal & state announcements and sources.	2%	176
<b>Consultants &amp; Vendors</b> , specialized geological, geochemical, geophysical, and laboratory services.	1%	145
<b>Risk Assessment</b> , including training, standards, society issues, and jobs.	1%	115
<b>Geothermal Energy</b> , including exploration, production, environmental impacts, energy competition.	<1%	95
<b>Federal &amp; State Agencies</b> , including reports from the <a href="#">USGS</a> , BLM, <a href="#">EPA</a> , and DOE, plus regulations.	<1%	81
<b>Engineering</b> , including remediation, mining estimates, economics, and certification.	<1%	70
<b>Toxicology</b> , including classical documents, and guidance documents.	<1%	69
<b>General WWW Resources</b> , including data bases, and other sources of digital support.	<1%	55
<b>Other Topics</b>	<1%	10
